

Dear YMCA Member,

The Tiftarea YMCA reopened Monday, May 4th, 2020. Our hope is that we are able to slowly open amenities over a three- phase system. The Y will have limited accessibility and limited amenities. The reopening plan will take several weeks to fully execute and could change at any moment based on new information being released. We ask that you please remain patient and respectful during this process. Our leadership team is working extremely hard to put policies in place to protect our staff, members, program participants, volunteers, and neighbors.

We will release reopening information on a Monthly basis as available. Please continue to check your emails and our social media sites for updates.

The YMCA while the gym was closed continued to serve during this pandemic which is challenging. During “normal” times, our dues help us operate so much more than a gym and sports. While we are still working hard to serve our members and sports participants, we have pivoted our efforts to include critical needs in our community at large. The Y has stepped forward to:

- Respond to Peanut Butter and Jesus’ need for lunch snacks (Ex. Rice Krispy treats, crackers, goldfish and Drinks such as Kool-Aid jammers, Capri Sun, Little Hugs) by facilitating a food drive, still in need of these items.
- Collecting over 1900 face masks for the Hospital that our community and members are making.
- Continue to engage in conversation with community leaders to be aware of additional needs and respond if we can serve in any way.

If you would like to be involved in any of these activities, please reach out to us. We know that our Y is bigger than our building. It is amazing to see the Y (with Community support) push outside of these walls and serve innovatively through our staff.

The Phase 3 operating plan will include the following:
