JOINING FEE

The Y believes that members are co-owners of the organization. As co-owners, each member is asked to pay a joining fee as a mission investment. These dollars are primarily used for non-expansion capital investments like new equipment, building repairs and preventative maintenance. The joining fee is included with the first month's payment for membership. If you choose to cancel your membership, there is a grace period of 30 days during which you can join again without paying the joining fee again.

PAYMENT OPTIONS

Payment by cash, check or money order can be made annually or semi-annually. Automated monthly drafts can be established from checking, saving, credit cards and credit union accounts. Monthly payments are processed on the 1st or the 15th of each month. A voided check and a signed authorization form must be provided when the first payment is due.
