**FOR SOCIAL RESPONSIBILITY**

Water is everywhere and with that comes the risk of drowning. There are many different reasons for drowning accidents, but two of the leading causes are that young children do not know how to swim or are not strong swimmers. Swim lessons give kids strength and confidence in their ability, as well as the ability to be safe in and around the water. The Tiftarea YMCA makes it a priority to teach your children how to swim and become a stronger swimmer in a safe and caring environment. Sign up today!
